

Northwind Freight

Delivery confirmation — order 48291

6 September 2026

To: operations desk, Duisburg terminal.

The shipment left Busan on 4 September and is booked on the 11 September rail window.

This is a flow document: one convert, three hashes, **GPU-free**. Run it twice with the same fonts and the PDF/A bytes match *byte-for-byte*. Agents ~~guess~~.

Replay is evidence. Same fonts, same bytes.

Hop	File	Proof
Input	letter.md	input SHA-256
Plan	layout i32 @ 1/7200 in	plan SHA-256
Output	PDF/A · HTML · ODT	output SHA-256

Please confirm before 09:00 local:

- Receiving dock is clear
 - Bay 4, not bay 2
- Capsule hashes travel with the files
- Replay the convert instead of hoping

Agent replay:

1. Hash the input
2. Run Convert
 - PDF/A
 - HTML
3. Compare the capsule

DocAgent runtime — DOCX · ODT · Markdown · HTML · PDF/A
